

Starting Point-Larry Hively and some lovely lady's will launch you on your journey from the Community Center. Good Luck!

You have five stops to go to and you don't have to go in order.

You will visit the Parker's on the third finger watch out he is a true Texan.

Then continue toward the Johnson's place on the third finger. He is a bad ass cook!

Then go to the middle finger and visit the Hawaiian's which is Brenda and Henry. Hopefully Henry will have some delicious spam ready.

Head to Howard and Barbara Smith's dock can't miss it because it's a big dock with the Rooster on top.

And finally The Fly's dock but beware if they have their specialty there you better pick some up.

**AGAIN PLEASE YOU DON'T HAVE TO GO IN ORDER THIS WILL HELP KEEP CONGESTION DOWN AT THE STOPS! Your final stop is at the Community Center!**
